

5th Grade

**LESSON PLAN FOR
WEDNESDAY MAY 20**

Good morning!!! Prayers for our community as we try to get back to business!! Also, let's keep ALL our high school and college graduates who did not get to have a "NORMAL" graduation. We especially want to remember Hudson's sister, Georgia who graduated from Russell High School. Congrats to her!! 😊

RELIGION-say a prayer for all the above 😊

WRITING-make a cover page for your autograph book (green paper from drop off)

- **EXAMPLE:** Title it "5th GRADE AUTOGRAPHS" and draw/color whatever picture you want and then write your name at the bottom of the book.

MATH-complete the next simple solutions lesson

READING-complete reading simple solutions lesson #29 on pg.66-67 (you are skipping a few lessons to get to this) then do one of the word searches in your packet from drop off last week.

SCIENCE-please see BrainPOP for your assignment

Have a great evening and get outside!!!! 😊

2 DAYS LEFT of 5th GRADE!!!!
